

The majority of first time visitors will approach from the A19. There are two options from the A19 to get to Redcar

1) A174 follow directions to Whitby at 1st roundabout, at 2nd roundabout take 2nd exit on to Kirkleatham Lane. At the traffic lights **1** turn Right on to West Dyke Road. Follow West Dyke Road for about 1.5 miles and you will reach the racecourse on your right – the first gate is **EXIT only**, the ENTRANCE is a further 250m further on. This is an easier drive to Redcar, but a little more fussy once you get there to reach the racecourse.

2) A66 east then A1085 (Trunk Road) to Redcar. At the end of the Trunk Road at (Drive Vauxhall) traffic lights, carry on straight at this set of light and the next set. At the roundabout turn Right on to West Dyke Road, the entrance to racecourse is 3rd Left – this route involves more traffic lights and roundabout to get to Redcar – but is more straight forward when you reach Redcar.
