

Officials Courses

3rd October 2022

Hello All.

I'm sending this email to ALL Officials in the North East and All club secretaries.

Due to Covid we have seen a lot of Officials hang up their clip boards so we really do need more people to come forward but, they need to go on an Officials course.

As you will be aware, pre-covid we in the North East would hold Face to Face Officials courses in November of each year.

These courses are run by England Athletics, who are getting more and more strapped for cash. During the "lock down" EA put on a number of courses via Zoom. This proved to be very cost effective. Now going forward they are continuing this approach. However, they will put on Face to Face courses provided they can get the facilities free of charge.

That is, for example: If a club has a "club room" that they are prepared to offer for a course to be hosted (in return that club would be offered a couple of free places on the course), or if someone is prepared to pay for these facilities then EA will sanction a course or series of courses.

So, if you are able to "host" one (or a series) of these courses please let me know.

To find a course (On-line or Face to Face) go to:

<https://www.athleticshub.co.uk/course-list/eng>

If you want a Face to Face course please let me know (and what discipline) so we can try and work something out.

Thank you.

Regards

Margaret Frazer
